

A Tribute to LYNN BREEDLOVE

After 31 years, Lynn Breedlove will retire as Executive Director of Disability Rights Wisconsin at the end of this year. During his tenure, Lynn has grown the agency from a staff of five in one office with a budget of \$160,000 to a staff of 64 in three offices with a budget of \$5 million. Lynn is a recognized leader at the local, state and national level with a deep passion for disability and other civil rights.

Lynn has served on our Board of Directors since Wisconsin Equal Justice Fund's inception in 1997. Tonight, we honor Lynn Breedlove for his service, knowledge, and passion, and we wish him well in his future endeavors.

"As a Board member, Lynn illuminates for us the specific legal challenges faced by DRW clients. His advocacy helps all of us better understand the needs of DRW's staff and clients, which in turn helps us to raise funds more effectively. Lynn's participation is invaluable, and I will miss his expertise." — **Melissa Sullivan, Wisconsin Equal Justice Fund, Inc.**

"Lynn Breedlove is highly principled and has great integrity. He is dedicated not only to the clients of DRW, but to all low-income and disadvantaged people in Wisconsin. I value him tremendously as a working partner and colleague. We at Legal Action, and our clients, have benefitted from his intelligence and sophisticated advocacy, and his good fellowship. Wisconsin is fortunate to have had such a great champion of the poor and disadvantaged for so long. Lynn will be sorely missed."

— **John Ebbott, Legal Action of Wisconsin**

"Lynn has been a force for good both at DRW and also as an active participant in the Wisconsin Equal Justice Fund. Those he has directly served for all of these years owe him a great debt; so do the citizens of the State of Wisconsin. He is one of our unsung heroes."
