Statement of Motion Intent:  
Remove from the 2015-17 biennial budget changes to Family Care, IRIS, and Aging and Disability Resource Centers (ADRCs).

Agency/Agencies Impacted:  
Dept. of Health Services

Summary:  
The governor's budget proposes wide-ranging changes to the current Family Care, IRIS, and ADRC programs. These proposed changes affect thousands of individuals across the state. I have heard from groups and constituents who are concerned with the lack of details and clear plan brought forward, leaving them unable to prepare for any changes.

I am introducing this motion because these proposed changes need further research by the Department of Health Services (DHS), as well as more input from stakeholders to better understand how they will affect participants, their families, and the state.
