

SUPPORTED DECISION MAKING

Supported Decision Making is a set of strategies that help individuals with disabilities have more control over their life and future. It involves family and friends working together with individuals to support them in making complex decisions. If you are an individual with a disability, or a family member, professional or provider who supports someone with a disability, learn more about Supported Decision Making at an upcoming presentation by Disability Rights Wisconsin.

Thursday, March 22, 2018
Noon-1:30 p.m. OR 3:30-5:00 pm
Kenosha Public Library, Northside
1500 27th Avenue, Kenosha

Sponsored by the Kenosha County Caregiver Coalition
Supporting family caregivers through advocacy, education, service coordination and planning
